

**FORECAST OF FUNDING OPPORTUNITIES UNDER DEPARTMENT OF  
EDUCATION DISCRETIONARY GRANT PROGRAMS FOR THE REMAINDER OF  
FISCAL YEAR (FY) 1998.**

**SUMMARY:** This document lists the direct grant programs and fellowship programs under which the Secretary of Education has invited or expects to invite applications for new awards for fiscal year (FY) 1998. This document also updates the lists of the Department's direct grant and fellowship programs published in the **Federal Register** on October 7, 1997. The lists are in the form of charts -- organized according to the Department's principal program offices -- and include programs and competitions previously announced, as well as those to be announced at a later date.

**NOTE:** This document is advisory only and is not an official notice of the Department of Education.

**DATES:** Dates of Application Notices. The actual or estimated date for publication of the application notice for a given program or competition is listed in column two of the charts. Application notices that have already been published in the **Federal Register** can be identified by the **Federal Register** page number, also shown in column two. If a program has yet to publish an application notice, an estimated date is listed. The actual deadline date will appear in the application notice to be published in the **Federal Register**.

Applications Available. The actual or estimated date for the availability of an application package for a given program or competition is listed in column three of the charts.

Deadline Dates for Transmitting Applications. The actual or estimated deadline for transmitting applications under a given program or competition is listed in column four of the

charts. If a program has yet to publish an application notice, the estimated deadline date is listed. The actual deadline will appear in the application notice to be published in the **Federal Register**.

Deadline Dates for Transmitting Intergovernmental Reviews. Certain programs listed are subject to Executive Order 12372 and the regulations in 34 CFR part 79. The actual or estimated deadline date for the transmittal of State Process Recommendations by State Single Points of Contact (SPOCs) and comments by other interested parties is listed in column five of the chart. If a program has yet to publish an application notice, the estimated deadline date is listed. The actual deadline will appear in the application notice to be published in the **Federal Register**.

**ADDRESSES:** For Applications or Further Information. The address and telephone number for obtaining applications for, or further information about, an individual program are in the actual application notice for that program.

For Users of TDD or FIRS. Individuals who use a telecommunications device for the deaf (TDD) may call the TDD number, if any, listed in the individual application notices. If a TDD number is not listed for a given program, individuals who use a TDD may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 between 8 a.m. and 8 p.m., Eastern time, Monday through Friday.

## **SUPPLEMENTARY INFORMATION**

Estimated Range and Average Size of Awards. Except for programs and competitions administered by the Office of Special Education and Rehabilitative Services (OSERS), columns six and seven list estimated ranges and average size of awards. The amounts referenced in these columns are advisory and represent the Secretary's best estimates at this time. The average size of an award is the estimate for a single-year project or for the first budget period of a multi-year project. In the application package for an individual program or competition, applicants will receive information about the amount the Secretary intends to make available for each year of a multi-year project.

In the case of programs and competitions administered by the principal components of OSERS, the charts differ with regard to the amount of awards. For programs and competitions of the National Institute on Disability and Rehabilitation Research and the Office of Special Education Programs, column six of the charts lists the actual or estimated maximum amount the Secretary will award per year. For programs and competitions of the Rehabilitative Services Administration, column seven lists either the estimated average size or maximum amount of the award.

**NOTE:** The Department is not bound by any of the estimates in this document. For those programs or competitions for which the Department has not yet published application notices, the dates, fiscal information, and number of new awards listed are estimates only and, thus, subject to change. Readers are advised to read the actual individual application notices

for these programs or competitions when the notices are published in the **Federal Register**.
